

ENVIRONMENTAL POLICY

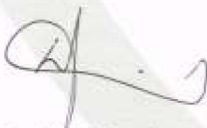

CMT Equipment is an International distributor of Construction Materials Testing Equipment based in Australia. We here at CMT Equipment, aim to grow our business while respecting the environment wherever we operate.

CMT Equipment believes that all efforts imposed, will reduce the effects on the environment in which we operate and count towards the overall industry commitment in reducing global warming effects.

To achieve this each branch of CMT Equipment and its employees will;

- Management will be accountable for the monitoring of environmental risks created by the company
- Meet all legal and other obligations governing environmental management;
- Minimise the impact on the surrounding environment by preventing unlicensed pollution;
- Minimise waste, recycle and re-use practices
- Efficiently use natural resources, especially energy and water, and reduce waste;
- Develop a workplace culture where all staff and contractors appreciate their environmental responsibilities; and
- Periodically review the effects of its activities and set objectives and targets to continually improve our environmental performance.

CMT Equipment hope that by implementing this policy; our clients, subcontractors and employees understand, become accountable and promote and comply with our Environmental Policy.

A handwritten signature in black ink, appearing to be 'David Dick & Aiden Perry', written over a light grey circular background.
